## The Written Journey.

This document contains a written account of travelling through the Waterside campus, starting at Becket's bridge, and can be used to complete this challenge.

### Starting out.

I am walking across Becket's bridge, coming from Northampton town centre onto the campus.

As I step off of the bridge, the first building to my right is the Creative Hub.

I continue walking past the Creative Hub, and can now see the next major building on the campus, the Learning Hub.

I turn right, heading south, I walk past the Learning Hub, down Delapr  walk. Up ahead is the bus stop. This bus stop is on Park Avenue, the road that cuts across the campus from east to west.

I cross over the road and continue south down Locomotive Walk. I can see the Student Union building, this is called the Engine Shed.
